

VIJAYKUMAR PEDDAMUTHU

LEAD UX DESIGNER | ENTERPRISE SaaS | CYBERSECURITY | AI-ENABLED PRODUCT DESIGN

Bengaluru, Karnataka, India | +91 97428 51797 | vijaykumarpdm@live.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Lead UX Designer with 12+ years of experience designing complex enterprise SaaS products, including 8+ years across Application Security, Security Operations, and Identity & Access Management. Leads end-to-end UX strategy, research, interaction design, design systems, validation, and delivery, with deep expertise in cybersecurity, accessibility, AI-enabled experiences, and global stakeholder alignment.

IMPACT

- Increased adoption of predictive analytics and personalisation features by 25% within the Security Operations product line.
- Reduced design delivery time by 30% by introducing an AI-augmented workflow using Claude, ChatGPT, Figma Make, and Magic Patterns.
- Reduced support tickets by 20% and improved task completion by 35% through redesigned Application Security workflows focused on user friction.

CORE COMPETENCIES

UX Leadership & Strategy: UX strategy, product discovery, roadmap alignment, stakeholder management, design operations, mentoring, workshop facilitation

Product Design: Interaction design, visual design, information architecture, journey mapping, workflow design, wireframing, prototyping, usability testing

Design Systems & Accessibility: Design systems, component libraries, design governance, responsive design, WCAG 2.1, keyboard-accessible interaction patterns

AI & Emerging Experiences: Human-AI interaction, predictive analytics, personalisation, prompt engineering, AI-assisted ideation and prototyping

Cybersecurity & Enterprise: AppSec, SecOps, IAM, SAST, DAST, SCA, MAST, Zero Trust, DevSecOps, enterprise SaaS

Tools & Technology: Figma, FigJam, Adobe XD, Sketch, Axure RP, Miro, InVision, Photoshop, Illustrator, HTML5, CSS3, JavaScript, Claude, ChatGPT, Figma Make, Magic Patterns, Napkin AI, Perplexity, Midjourney

PROFESSIONAL EXPERIENCE

Lead UX Designer / UX Leader | OpenText (Heritage Micro Focus)

Sep 2018 - Present Bengaluru, India

- Own UX across Application Security, Security Operations, and Identity & Access Management product groups, leading work from research and problem definition through shipped experiences.
- Designed predictive analytics and personalisation capabilities for Security Operations, contributing to a 25% increase in feature adoption after launch.
- Redesigned core Application Security workflows around validated user friction, reducing support tickets by 20% and increasing task completion by 35%.
- Led UX strategy for Identity & Access Management and Zero Trust-aligned experiences from early research through production delivery.
- Built and governed a reusable design system and component library adopted across AppSec, SecOps, and IAM teams, improving consistency and design-to-development hand-off.
- Introduced AI-assisted design practices across the team, reducing design delivery time by 30% while supporting faster ideation, prototyping, and iteration.
- Set UX standards, facilitated design critiques, mentored designers, and coordinated global delivery; progressed from Senior UX Designer to Lead UX Designer as portfolio scope expanded.

UX Designer | WinWire Technologies India Pvt. Ltd.

Mar 2014 - Aug 2018 Bengaluru, India

- Delivered end-to-end UX for B2B portals and intranets, covering discovery, requirements analysis, information architecture, wireframes, visual design, prototypes, and developer-ready specifications.
- Supported enterprise engagements for clients including Tesla, SanDisk, Visa, Brocade Communications, Lumileds, MemorialCare, and L'Oréal.
- Created HTML, CSS, and JavaScript-based static pages to improve design hand-off and address accessibility considerations before development.
- Worked in a global onsite-offshore delivery model, translating business requirements into user flows and interfaces across concurrent projects and deadlines.
- Contributed proof-of-concept designs for pre-sales pitches, supporting client presentations and new-business opportunities.

EDUCATION & CONTINUOUS LEARNING

Bachelor's Degree

Continuous Learning: Interaction Design Foundation (IDF) and Nielsen Norman Group (NN/g) coursework in UX research and design; ongoing learning in accessibility, prompt engineering, and AI-assisted prototyping.

AWARDS & RECOGNITION

UX Leadership Excellence | Design Innovation Award | Outstanding Contributor | Customer Impact Award | Mentorship Recognition | Multiple Spot Awards | Rising Star in UX Design
